December 14th, 1918

Honourable W. L. Mackenzie King,

Ottawa.

Dear Mr. Mackenzie King:

I have just received your book "Industry and Humanity" and have to thank you for remembering me. I congratulate you on accomplishing such a substantial piece of work, and I hope that it will be well received. At present I am so busy that I am afraid that I cannot get time to do more than look into parts of it here and there.

Yours sincerely,

President.
